

WSFP

Die-cast aluminium reinforced support plate, suitable for WBJ, PTAC, WBM, WBOV mounts. It allows the internal cable to pass through a slot, and the threaded holes at the side, to connect to the WBOV bracket. Epoxypolyester powder painted.

PTCC

Pole mount adaptor for PTBC bracket. It allows the Pan & Tilt/bracket couple to be firmly attached to the pole. Epoxypolyester powder painted.

WCW

Corner adaptor for WBJ, PTAC, WBM, WBOV mounts. It allows the internal cable to pass through a slot, and the threaded holes at the side, to connect to the WBOV bracket. Epoxypolyester powder painted.

WCWGC

Corner adaptor for PTBC bracket. It allows the Pan & Tilt/bracket couple to be firmly attached to the corner. Made of stainless steel, the adapter is epoxy powder painted.

WCP

Die-cast aluminium reinforcing support plate, suitable for WBJ, PTAC, WBM, WBOV mounts. It allows the internal cable to pass through a slot, and the threaded holes at the side, to connect to the WBOV bracket. Epoxypolyester powder painted.

TECHNICAL DATA

GENERAL

WSFP

- Die-cast aluminium
- Epoxy polyester powder painted, colour RAL9002
- Stainless steel screws

PTCC

- Die-cast aluminium
- Epoxy polyester powder painted, colour RAL9002
- Stainless steel screws

WCW

- Made of steel
- Epoxy polyester powder painted, colour RAL9002

WCWGC

- Made of steel
- Epoxy polyester powder painted, colour RAL9002

WCP

- Die-cast aluminium
- Epoxy polyester powder painted, colour RAL9002

MECHANICAL

WSFP

- Pole installation
- Load rating 30 kg (66.13 lb)
- Pole: \varnothing 65 - 110mm (2.55 - 4.33 in)

PTCC

- Pole installation
- Load rating 50 kg (11.22 lb)
- Pole: \varnothing 80 - 150 mm (3.14 - 5.9 in)

WCW

- Corner installation
- Load rating 30 kg (66.13 lb)

WCWGC

- Corner installation
- Load rating 50 kg (11.22 lb)

WCP

- Wall installation
- Load rating 50 kg (11.22 lb)

ENVIRONMENT

- Indoor/outdoor
